CIP PROJECT FUNDING AUTHORIZATION REQUEST FORM**

GENERAL INFORMATION (Completed by Finance Director)

Project # _____ Fund(s) Name: CIP Fund #44

PROJECT INFORMATION (Completed by Department Head)

Department: Sheriff's Office Date: 12/29/2025

Category(circle): FACILITIES INFRASTRUCTURE EQUIPMENT **TECHNOLOGY**

Project Name: Computers Total Cost \$: \$20,000.00

Brief Description:
10 Computers per year for Sheriff's Office

Project Justification:
Currently, the department operates approximately 90 computers, which include Mobile Data Terminals and desktop systems. Industry best practices and manufacturer recommendations indicate that the expected lifecycle of a computer is 3-4 years, after which performance degradation, hardware failures, and security risks increase significantly.

Operating Cost Implications:
To ensure system reliability, security compliance, and operational efficiency, we are proposing a planned replacement schedule of 10 computers per year. This phased approach allows us to:
 •Maintain up-to-date and secure hardware
 •Reduce unexpected equipment failures and downtime
 •Ensure compatibility with current software and security updates
 •Distribute replacement costs evenly across fiscal years for better budget planning
 Implementing this annual replacement plan will help sustain daily operations while minimizing disruptions and unplanned expenses associated with aging equipment.
